- Being part of a team on sports day
- Making and maintaining relationships
- Respecting the views of others
- Preparing for new year groups

# Year 1 and 2 Curriculum Overview Summer 2 2018

The curriculum outlined in this leaflet is set out under National Curriculum Subject areas. However, our aim is to try and link subject areas together and teach the children in a cross-curricular way, this makes the learning more meaningful.

For example, the children may be doing a piece of Literacy writing which relates to a historical topic or they may be making Rangoli patterns in Art/DT which relates to their RE learning. Year 1 and 2 follow a responsive curriculum which may alter throughout the term according to their thoughts and ideas.

## Maths

- Continue to secure counting and ordering numbers to 100
- Collect data regarding favourite animals and pets
- Record data as a tally chart
- Answer questions related to data collected (YR2)
- Identify, use and combine a variety of coins in role play
