Duffy's Lucky Escape

What a lovely visit we had last week from the children's author Ellie Jackson who came to talk to the children about how harmful plastics are to wildlife and how we can support wildlife by greatly reducing the plastic that we use. If a two minute beach clean could be achieved every time a beach is visited, our Roseland beaches could become a much safer and greener place. Thank you Ellie for reading your amazing book, presenting us with our own copies of your stories and for visiting our school.

A launch into space

What a fantastic morning we had with astronomer Pete Williamson. The children were fascinated to hear all about space and the Solar System and listened with awe to facts like 1.3 million earths would fit into the sun and heat from the sun takes 170,000 years 8 minutes to reach us! So many questions were asked and answered, thank you Pete for sharing your expertise so brilliantly.

Sports news

The school have just achieved silver standard in the Youth Sport Trust quality mark. A big well done to our PE lead Mrs Crinks who has worked really hard over the last few years to raise the profile of PE in the school, alongside Mr Ayre.
